## Customer Reviews

This shouldn't be allowed to be sold. should be ashamed of letting junk like this in the marketplace. Look at the past winning numbers and play the ones that seem to have won the most times.....there, now you don't need to waste your money.....I just summed up this entire waste of a book for you

It was too general and not very coherent. I use Gail Howard's cd and get better result, If I could return all the lottery books and get credit for them I'll be pleased Ed. Emadin

Biggest load of crap I've read . Waste of money and time!! Author needs to STOP writing about something he knows nothing about.
