## Synopsis

Presenting all six installments of Richard Feltoeâ™s series on the War of 1812, gathered together in an ebook bundle. Each book in this battlefield-based chronicle combines the best of modern historical research with extensive quotations from original official documents and personal letters to bring to life this crucial period of Canadaâ™s early history. Throughout the authoritative series, historical images are counterpointed with modern pictures from the same perspective to give a true then-and-now effect. Strategic maps trace the course of campaigns, while never-before-published battlefield maps reveal the shifting formations of troops across geographically accurate terrain. "If youâ™re looking for only one book or set to read, Feltoe is so far an excellent choice." â" Niagara Life Includes: The Call to Arms The Pendulum of War The Flames of War The Tide of War A Crucible of Fire The Ashes of WarÂ
